Semester Syllabus

Note: "If you have taken the withdrawal course before, please write your final grade:" this space has to be filled out.

- It is not possible to withdraw from a course which has been failed (FF-FA) or has been withdrawn before.

- • If you are taking the course you want to withdraw for the first time and your supervisor deems it appropriate, you can withdraw from that course. The course will be shown in the course report until the final grades are entered into the system and will change to W (withdrawal) when the final grades are entered.
- • You are obliged to take the withdrawal course again in the first semester it is given.
